Dear Mr Stonestreet

#### **AER Final Determination 2014-19: public lighting update**

In his letter dated 13 May 2015, Essential Energy's Chief Operating Officer, Gary Humphrey's promised to write to each council within Essential Energy's footprint to provide an individual analysis of the impact of the AER's determination on Streetlight Use of System (SLUOS) charges over the 2015-19 period. I am writing here on Gary's behalf to provide this analysis and some further updates on the AER's determination.

Since our previous correspondence, Essential Energy has lodged appeals with the Australian Competition Tribunal (ACT) and the Federal Court contesting the AER's final determination on operating expenditure, the rate of return, and its use of flawed and unreliable benchmarking methodologies. The AER's determination on SLUOS is not being appealed by Essential Energy.

These appeals have been lodged on the basis that Essential Energy's Board was not satisfied the AER had followed the National Electricity Rules designed to provide safe, reliable and affordable electricity to our 800,000 customers.

Pending the appeals outcome, the AER's final determination commences on 1 July 2015 and Essential Energy must prepare now to implement the AER's final determination as it stands. I will keep you informed of any relevant updates on the appeals process as they become available.

#### **Public Lighting/SLUOS charges for 2015-19**

While final revenue allowances are still to be confirmed by the AER, its final determination indicated an average increase in total Public Lighting revenue of 13 per cent per annum over the regulatory period. This determination reflects the transition to a cost recovery model for Public Lighting and the AER's approved transition of these increases means any changes are expected to be Net Present Value (NPV) neutral over the next four years to 30 June 2019.

Following the final determination, Essential Energy has now also submitted pricing proposals for 2015-16 in accordance with the intent and methodology of the AER's final determination. We are awaiting the AER's assessment of these pricing proposals, with a final decision expected around 19 June 2015. Coupled with any variation influenced by the appeals process, this decision will ultimately set final public lighting revenue for 2015-16.

**Attachment 1: Public Lighting Interim Proposed Tariffs 2015-19**

**Council: Griffith City Council**

The following table provides a current summary of interim proposed tariffs for your council's Streetlight Use of System (SLUOS) charges for the 2015-19 regulatory period.

The 2015-19 forecasts are based on 2014-15 charges, individual inventory and tariff movements and the Australian Energy Regulator's (AER) final determination for electricity revenues published on 30 April 2015.

These are indicative forecasts and can only be finalised after the AER's assessment of the Essential Energy pricing proposal submitted on 21 May 2015 (available on the AER web site at [www.aer.gov.au](http://www.aer.gov.au)).

Indicative SLUOS Forecast	2014-15 (\$ forecast)	2015-16 (% change on 2014-15)	2016-17 (% change on 2015-16)	2017-18 (% change on 2016-17)	2018-19 (% change on 2017-18)
<b>Council:</b>					
Griffith City Council	\$143,940.49	24.6%	22.8%	21.4%	20.3%

The following assumptions have been made in providing the indicative forecasts above and may cause actual charges to vary:

- > All charges are shown in real dollar (2014-15) values.
- > Forecasts are based on the streetlighting asset base for each council as submitted in Essential Energy's initial proposal to the AER in May 2014.
- > Forecasts are based on the pricing proposals currently being assessed by the AER.

All council inventory and tariff information is updated monthly and made available by visiting your council's individual dropbox/report centre on the Essential Energy web site at:

<http://www.essentialenergy.com.au/content/council-dropbox>

Alternatively, please call 13 93 21 for any general enquiries.

Subject: Submission on budget 2015/2016

Hi Max

I would like Council to consider allocating \$40000 to Pioneer Park in the budget for the completion of the Todd building. As you may be aware, the projected cost of the building to house the Todd collection is not within the scope of the Pioneer Park resources. The additional funds will see the project become a reality. I fear the whole collection may be taken back by the Todd executor if Council does not act soon on this acquisition.

Regards

Dino

**SUBMISSION FOR 2015/16 BUDGET: COOPER ROAD BILBUL**

I am a resident of Bilbul and regular user of Cooper Road.

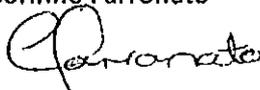

The road is subjected to a large amount of traffic with an increasing number of residents living along the road. It is often in poor condition and also generates high amounts of dust for residents and neighbouring houses.

I wish to support the inclusion of funds to tar Cooper Road Bilbul in the 2016/17 Operational Program but urge Council to bring it forward into the 2015/16 budget.

Please contact me if you require further information.

Dear Mr Stonestreet

**2015/16 BUDGET SUBMISSION: COOPER ROAD**

I would like to urge Council to allocate funds to tar Cooper Road in the 2015/16 budget.

I have driven on the road many times and believe it's one of the worst residential roads in Griffith. Over the years I have seen more and more houses built along the road which has meant more and more traffic. The heavy amount of traffic means that the road is continually in a bad state, particularly at the moment as it is full of potholes and corrugations.

Please consider this request as village residents deserve to have well maintained, sealed roads.

**SUBMISSION FOR 2015/16 BUDGET: COOPER ROAD BILBUL**

I am a Bilbul resident and have been for many years.

As residents we are fed up with the poor condition of Cooper Road and feel it should be tarred due to its high traffic use. More and more vehicles are using the road daily due to the increasing number of houses. It also generates high amounts of dust which billows into the houses.

I wish to support the inclusion of funds to tar Cooper Road Bilbul in the 2016/17 Operational Program but urge Council to bring it forward into the 2015/16 budget.

**COOPER ROAD BILBUL.**

I regularly drive on Cooper Road Bilbul.

I am constantly appalled at the terrible state of the road with its numerous potholes and corrugations. After rain, the surface is extremely slippery. In dry weather the dust is terrible.

I believe Council should allocate funds to tar Cooper Road Bilbul in the next budget. Cooper Road residents deserve to have a tarred road, especially when the road is so busy.

Please contact me if you require further details.

**SUBMISSION FOR 2015/16 BUDGET: COOPER ROAD BILBUL**

I have lived on Cooper Road all my life and am a regular driver on the road.

I believe Cooper Road should be tarred. It has a high amount of traffic use with 12 families currently living along the road. Another two houses will be built in the future. Also, a business has trucks that use the road on a daily basis.

The road is very often in a bad state, particularly when it rains or we have dry spells. The bad condition of the road means we have to drive very slowly and is also very bad for our vehicles. In summer, our houses are constantly full of dust.

I urge you to consider allocating funds to tar Cooper Road Bilbul in the 2015/16 budget. As residents we deserve to have our road maintained to a tarred road, particularly with the amount of traffic that uses it.

**COMMENT ON INCLUSION OF COOPER ROAD BILBUL IN THE DRAFT DELIVERY PROGRAM**

We would like to support the Inclusion of funds to tar Cooper Road, Bilbul in the Draft Delivery Program 2016/17. However, we urge the Council to consider tarring the road in the next financial year.

Whilst we appreciate Council's effort to maintain the road to an acceptable standard, this is not achievable with the constant amount of use the road is subjected to. Dust billowing in our houses is a constant and irritating factor. As is the potholes and corrugations which make travel slow and have a detrimental affect on our vehicles.

Road use is set to increase even more with a new house currently under construction and a vacant block for sale. There are currently 12 houses along the road and our family alone has four drivers. There is also a business that delivers to their site at least two or three times each day. Additionally, many local residents use the road as a thoroughfare.

We hope that you understand the concern of residents along our road and will consider including funds for tarring in the 2015/16 budget.

Please contact us if you require any further information.

Yours sincerely

**SUBMISSION FOR COMMENTS ON 2015/16 BUDGET**

My family lives on Cooper Road and have done for many years. I urge Council to allocate funds to tar Cooper Road in the 2015/16 Budget.

I believe Cooper Road is one of the worst residential roads in the Griffith LGA. I cannot imagine there is any other road where residents are forced to drive along the channel bank because it is in better condition than the road. Sadly this has happened to us along Cooper Road. Needless to say this has a terrible impact on our cars.

The road already has a large amount of traffic with 12 families living along it. We have another house being built and another block just sold for residential development as well. Additionally, a business drives heavy vehicles on the road daily.

Please consider this matter and feel free to contact me if you want to discuss this further.

Yours sincerely

**2015/16 BUDGET SUBMISSION - COOPER ROAD BILBUL**

I regularly drive on Cooper Road Bilbul to visit my family and have done so for many years.

The road has a lot of traffic on it for a gravel road surface. It is often corrugated with potholes and is also very slippery in wet weather and very dusty when it is dry. The road has seen several new houses built in the last couple of years and I understand more will be built in the future. These new houses will place more pressure on the gravel road surface.

I believe Council should consider allocating funds to tar Cooper Road in the next budget.

To whom it may concern

I was shocked to see that after all these years, Cooper rd is still not in this budget.

I have good friends that live on this road and each time we visit its not pleasant to drive on.

When standing out the front of the house near the road, dust and rocks can be flung up as cars drive past.

Its not safe and not healthy.

Please fix Cooper rd.

Dear Griffith City Council,

Please accept this letter in regards to the Griffith City Council 2015/16 Budget.

REGARDING: SEALING COOPER ROAD BILBUL

My Brother and his Beautiful family have lived down Cooper Road in Bilbul for Over 10 years, My family and I travel on this unruly Corrugated iron road to visit them,

I Dread it every time we go out there!!! It makes everyone so Nauseous !! It shakes the innings out passengers and our cars as well

(Prior to my brother living there my Grandparent lived there as well), So I have been travelling this road all my life) - Cooper Road has always been a VICIOUS Drive since the 70's

Council, Please stop turning a blind eye to such a heavy populated Street. Please Push this rd though. Enough is enough .

(It did work to my advantage back in November 2005, When I travelling down cooper rd Bilbul for my brothers 30th Birthday party - It Brought on my labour !!!!! ...so it was a blessing in that regard

Have You experienced Cooper Rd ? - Something needs to be down to correct this rd., It's Not acceptable to the poor residents and all of us who are unlucky enough to have to travel on it.

We PLEASE Ask that you give priority to Cooper Road Bilbul for sealing in this coming budget!!!!

Dear Griffith City Council,

Please accept this letter in regards to the Griffith City Council 2015/16 Budget.

I am a frequent user of Cooper Road in Bilbul, my family have lived there for 11years. I find it constantly very bumpy and uncomfortable to drive along, having not been graded or potholes filled for many many months. It is often a discussion over the dinner table about how bad the road is. It is extremely disappointing to still be a dirt road in such a heavily used and populated road.

Having Cooper Road sealed would be a fantastic improvement to our own daily lives and safety.

We ask that you give priority to Cooper Road Bilbul for sealing in this coming budget.

Dear Griffith City Council,

Please accept this letter in regards to the Griffith City Council 2015/16 Budget.

I support the residents of Cooper Road, Bilbul in their fight to have the road sealed.

I have used the road many times and agree that it's a unsafe road to drive along, its rarely graded and the potholes are terrible, it's certainly a cause of concern. It's a heavily used road and I can understand the frustration of the residents acting on this issue wishing to make an improvement.

We ask that sealing Cooper Road Bilbul is included in this coming budget.

Kind regards,  
 Renee Greedy

## Message From The Mayor

---

The business plan and budget detailed in this document form the path Council will take during the current Council term to provide the services, programs, infrastructure maintenance schedules and projects the community has requested.

The One Year Operational Plan (Budget) (2015/16) provides financial support of the Four Year Delivery Plan (2013/14-2016/17) and details how Griffith will function and prosper.

The Delivery Plan and Budget, combined with a stronger commitment to stakeholder engagement, work together to meet the expectations of our diverse community as we move towards achieving a sustainable future as set out in our Strategic Community Plan.

Griffith has a reputation as a highly desirable place in which to live, work, play and invest. This is highlighted by the following key points:

- For residents, our pleasant neighbourhoods, parks, playgrounds, sport and entertainment facilities offer superior amenity.
- Our busy town centre provides outstanding retail, dining and business opportunities.
- Industry is thriving in Griffith and will continue to expand and prosper into the future, laying the foundation for economic and community growth.

Council's role is to look at the big picture, to consider the views of the whole community and to make well informed, fair decisions.

Significant effort by Councillors is taken during the preparation of this document to increase transparency and to present the City's services and programs in a clear and understandable format.

This approach incorporates sustainability, citizen and stakeholder engagement, improved internal systems, increased productivity and a responsible approach to maintaining our financial position while keeping rates and charges at a consistently reasonable level.

If we are to preserve the future integrity and independence of Griffith, and thrive in the future, we have to demonstrate that we are financially responsible and fit to lead our community.

The actions detailed in this document demonstrate our commitment to delivering high-quality services, maintaining our financial integrity, being open to innovation and working with the community to ensure that we are fit for the future.

I am pleased to present the Griffith City Council Four Year Delivery Plan (2013/14 – 2016/17) and the One Year Budget (2015/16) and welcome your feedback.

**John Dal Broi**

# Message From The General Manager

---

The Delivery Program is one of Council's most important publications, outlining our major activities, services and projects to be delivered over the current Council term, including our budget for the coming 12 months.

The Operational Plan for 2015/16 provides a detailed budget and directly addresses the strategic imperatives of Council through the identification of projects, programs and activities that Council plans to undertake in the next financial year. One of Council's strategic objectives is to work towards the achievement of the long term financial sustainability of Griffith.

Consequently, Council has focused over the last 12 months in improving its operational result by reducing costs and understanding the requirements and condition of its existing infrastructure. As part of this process there have been budget reductions across Council, which are reflected in this Delivery Plan.

Spending restraint does not detract our organisation from delivering critical services and infrastructure to our community.

I am pleased to highlight the following focus areas for 2015/16 that are detailed in our budget:

- The construction phase of St Vincent's Private Community Hospital Griffith has now commenced and is due for completion mid year 2016. This fabulous facility will complement the already health excellent services delivered through Griffith Base Hospital.
- A Crime Prevention Strategy for Griffith was developed last year with the implementation of some of the recommendations during 2015/16.
- Council will continue to implement various recommendations from its Customer Focus review undertaken during 2014/15.
- Construction of a new mechanic's workshop in Jensen Road.
- A new companion animal handling facility (pound) will be constructed.
- Development of a study room facility at Griffith City Library.
- Finalise construction and sealing of Jones Road between McCarthy Road and Boorga Road as part of Council's Northern City By-Pass Strategy.
- Construction of Lakes Road as part of Council's Northern City By-Pass Strategy.
- Replacement of playground equipment at West End Oval.
- Finalise a master plan for Griffith Regional Aquatic Leisure Centre.
- Finalise the Griffith Central Business District Strategy.
- Construction of a waste transfer station at the Tharbogang landfill facility.
- Continuation of water and sewer mains renewal program.

These programs represent a brief snapshot of the key highlights of our Delivery Program and Operational Plan for the next 12 months and beyond. Our program is targeted to deliver what you, our community, have told us in your feedback.

It is a privilege to present our Delivery Plan for 2013/14-2016/17 to our community and I encourage you to provide your comments on our plans. Our Council, Councillors and Staff are fully committed to deliver high quality outcomes for our City, supported by excellence in our customer service delivery. We look forward to your feedback.

In closing, the NSW Government has been reviewing the structure of Local Government across the State during the last four years and significant decisions will be made in this regard during 2015/16 by the Minister. Griffith City Council has submitted a stand alone proposal to the Office of Local Government in that it meets all seven criteria to achieve "Fit for the Future" status.

## Section 2

# Integrated Planning and Reporting Framework

---

Local councils in NSW are required to undertake their planning and reporting activities in accordance with the Local Government Act 1993 and the Local Government (General) Regulation 2005. The Integrated Planning & Reporting (IP&R) framework enables councils to integrate their various plans together, understand how they interact and get the maximum leverage from their efforts by planning holistically for the future. Under the IP&R framework Council is required to prepare the following documents:

- Community Strategic Plan (10 year plan)
- Delivery Program (4 year plan)
- Operational Plan annually
- Resourcing Strategy made up of the following:
  - Workforce Management Plan
  - Long Term Financial Plan
  - Asset Management Plan
- Annual Report
- End of Term Report

### **Community Strategic Plan – “Growing Griffith 2030”**

The purpose of the Community Strategic Plan is to identify the community’s main priorities and aspirations for the future and to plan strategies for achieving these goals. While a council has a custodial role in initiating, preparing and maintaining the Community Strategic Plan it is not wholly responsible for its implementation. Other partners such as State agencies and community groups may also be engaged in delivering the long term objectives of the plan. Essential elements for the Community Strategic Plan include:

- A community vision statement
- Strategic objectives for the community that address social, environmental, economic and civic leadership issues identified by the community
- Strategies for achieving each objective
- The Community Strategic Plan must identify assessment methods for determining whether the objectives are being achieved.

## **Delivery Program**

The Delivery Program is a statement of commitment to the community from each newly elected council. The Delivery Program outlines the principal activities to be undertaken by Council to implement the strategies established by the Community Strategic Plan within the resources available under the Resourcing Strategy over the four year term of Council. Essential elements for the Delivery Program include:

- Directly addresses the objectives and strategies of the Community Strategic Plan and identifies principal activities that Council will undertake in response to the objectives and strategies
- The Delivery Program must inform and be informed by the Resourcing Strategy
- The Delivery Program must address the full range of council operations
- The Delivery Program must allocate high level responsibilities for each action or set of actions
- Financial estimates for the four year period must be included in the Delivery Program.

## **Operational Plan**

The Operational Plan has been prepared as a sub-plan of the Delivery Program. It directly addresses the actions outlined in the Delivery Program and identifies projects, programs or activities that Council will undertake within the financial year towards addressing these actions. Essential elements for the Operational Plan include:

- The Operational Plan must be prepared as a sub-plan of the Delivery Program
- It must directly address the actions outlined in the Delivery Program
- It must identify projects, programs or activities that Council will undertake within the financial year towards addressing these actions
- The Operational Plan must allocate responsibilities for each project, program or activity
- It must identify suitable measures to determine the effectiveness of the projects, programs and activities undertaken
- The Operational Plan must include a detailed budget for the activities to be undertaken in that year.

## **Resourcing Strategy**

The Community Strategic Plan, the Delivery Program and Operational Plan must be supported by a Resourcing Strategy. The Long Term Financial Plan, the Workforce Management Plan and the Asset Management Plan combine to form Council's Resourcing Strategy.

The **Long Term Financial Plan** provides information about the affordability and the financial sustainability of Council to address its current and future needs. The Long Term Financial Plan is used to inform decision making during the development of the Delivery Program and must be for a minimum of ten years.

The **Workforce Management Plan** must be developed to address the human resourcing requirements of Council's Delivery Program and must be for a minimum of four years.

The **Asset Management Plan** informs on the current condition and ability of the community assets that exist for delivery of services to the community. Council must account for and plan for all the existing assets under its ownership and any new asset solutions proposed in its Delivery Program. The Asset Management Strategy/Plans must be for a minimum timeframe of ten years.

When integrated, all these plans ensure that Council delivers the expressed levels of service to its community through optimal utilisation of its resources.

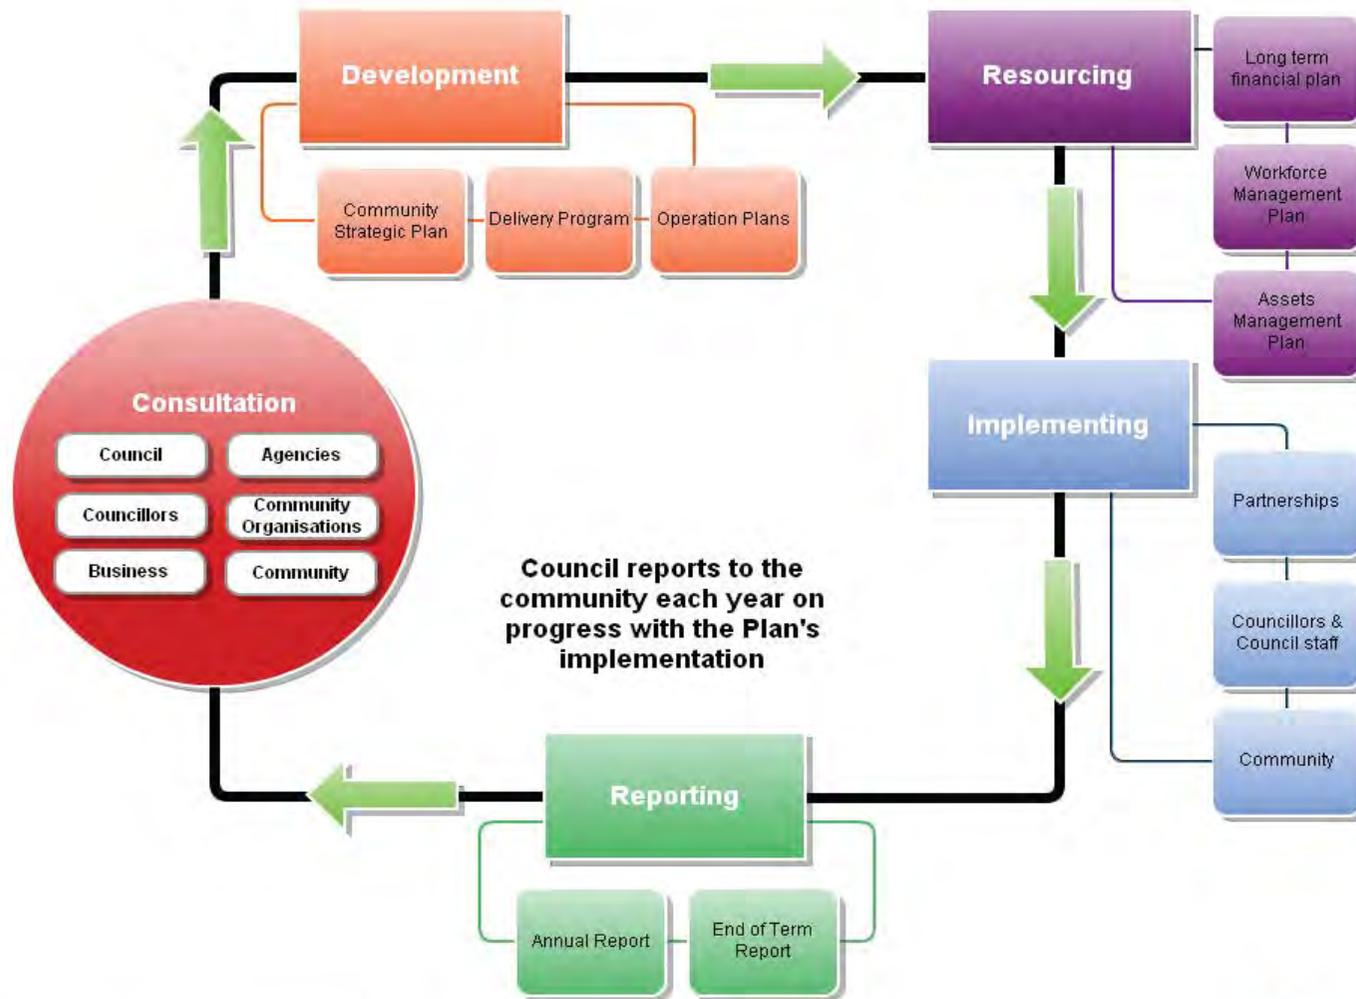

## **Annual Report**

The Annual Report is a summary of Council's performance and achievements during the preceding year. The Annual report will publish data on the objectives outlined in Growing Griffith 2030, Council's Delivery Program and Operational Plan to track progress towards achieving the community's vision. The Annual Report focuses on Council's implementation of the Delivery Program and Operational Plan and also includes some information that is prescribed by the Local Government (General) Regulation 2005.

## **End of Term Report**

This document will be prepared at the end of each Council's four-year term to report Council's achievements in implementing the Community Strategic Plan over the previous four years.

# What Makes Griffith Unique

Griffith was proclaimed in 1916 and is located within the Murrumbidgee Irrigation Area (MIA). It was named after Arthur Griffith, the New South Wales Minister for Public Works during the period of 1910-1915 and was designed by Walter and Marion Griffin, who received worldwide acclaim for their design of Canberra.

Griffith is situated in the Riverina Region of south-western New South Wales, about 450 kilometres north of Melbourne, and 570 kilometres west of Sydney. Griffith City is bounded by Carrathool Shire in the north, west and south-west, Narrandera Shire and Leeton Shire in the east, and Murrumbidgee Shire in the south.

Griffith is located in the heart of the Wiradjuri Nation – the largest nation of Aboriginal and Torres Strait Islander people in Australia. Griffith City Council recognises the position of Aboriginal people in the history and growth of Griffith and its surrounding villages. As such, Council acknowledges the Wiradjuri people as the traditional owners of the land and pays respect to Wiradjuri Elders past, present and future.

Griffith City Council also acknowledges the contribution made to this community by the many and diverse cultural groups that have greatly contributed to the social and economic wealth of this region. Griffith is noted for its cultural diversity, with a higher than average number of residents of European descent, primarily Italian. Over more recent years, there has also been a growth in the local Indian and Pacific Islander population.

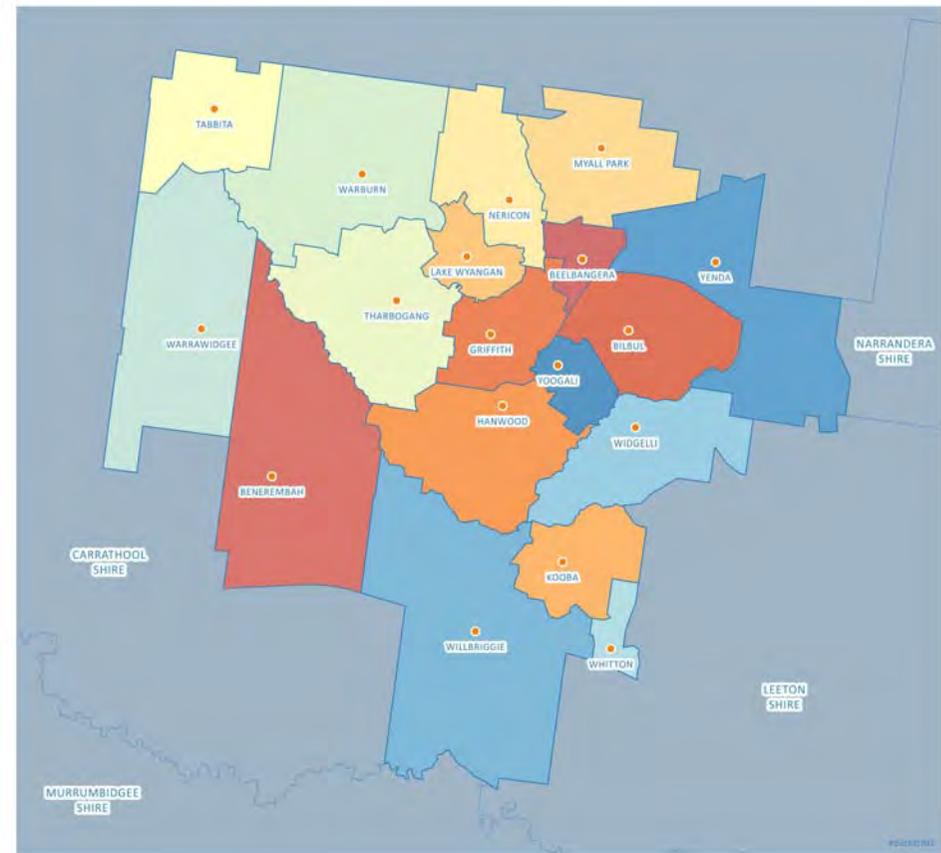

Griffith is seen as a key service centre for surrounding shires providing a range of commercial, retail, recreational, educational and health facilities.

Griffith City Council is governed by an elected body of twelve Councillors and has an annual operating budget in the vicinity of \$42,000,000.

## Some key statistics about our community

- Griffith City Council covers an area of 164,047 hectares – which is approximately 1,600 square kilometres.
- The communities of Griffith live in the centres of Beelbangera, Bilbul, Hanwood, Lake Wyangan, Nericon, Tharbogang, Warburn, Widgelli, Yoogali and Yenda as well as Griffith.
- Griffith's population was recorded as 24,364 during the 2011 census.
- Aboriginal and Torres Strait Islander people make up 4.1% of Griffith's population.
- The most common ancestries in Griffith are Australian, English, Italian, Irish and Scottish.
- In Griffith, 75% of people were born in Australia. The most common countries of birth for Griffith residents are Italy 5.3%, India 3.4%, New Zealand 1.7% and Philippines 0.7%.
- English is the most commonly spoken language at home in Griffith. Other languages spoken at home include Italian, Punjabi, Samoan, Tongan and Turkish.
- Employment figures indicate that 60% of people residing in Griffith are employed full-time, 28% are employed part-time and 4.9% are unemployed.
- The median age of people in Griffith is 36 years. Children aged 0-14 years make up 22% of the population and people aged 65 years and over make up 14% of the population.
- Of occupied private dwellings in Griffith 34% were owned outright, 30% were owned with a mortgage and 31% were rented.

# Our Community's Vision for Our Future

---

## **What type of community do we want for the future?**

The vision we have for the future of Griffith is to live in a community that recognises and celebrates the myriad of cultures that enrich the fabric of our society. This community will be one that nurtures itself and its future generations by building on existing employment opportunities as well as expanding local education and health facilities. The overarching aim is to have a happy, healthy and resilient community.

## **How is this going to be achieved?**

This vision will be achieved through the implementation of the strategies based on the four core themes of Growing Griffith 2030. Those themes are:

- Leading by Example
- Loving our Lifestyle
- Valuing our Environment
- Growing our City

These themes are clearly interwoven and impact upon each other. They are the cornerstone for our community's progress and success. Civic leadership is a key pillar to establishing an ecologically sustainable future embracing the principles of social justice. As such, it is integral to the ongoing prosperity of our community today and in the years ahead. In order to develop our vision it is critical we understand the core systems and processes shaping and impacting Griffith. The core systems are:

- The local, regional and international trade and industries
- Our community and lifestyle
- Our environment, best defined by our catchment ecosystem
- The current (and future) assortment of infrastructure and services

The core processes shaping and impacting Griffith are:

- Availability of water
- Economic activities (value adding activities)
- Cultural diversity and social justice issues
- Infrastructure delivery and maintenance
- State and Federal government policies

Overall, it is the people of our community, the cohesion and the big family atmosphere that makes us unique from the rest. It is important our vision contains quality of life, prosperity and connectivity. The community's vision for Griffith is captured in this simple statement:

*“Griffith is a leading regional centre, embracing its diversity while nurturing a happy, healthy and resilient community, today and into the future.”*

# Council's Mission Statement

---

1. To respond to the needs of the community and deliver in an economical manner those services which are the responsibility of Local Government.
2. To provide Local Government administration that is dedicated, accountable and committed to the improvement of the quality of life and the economic well-being of the citizens of the City of Griffith.

# Council's Vision for Griffith

---

Council's adopted vision for Griffith is: To be an acknowledged major regional centre with an emphasis on best agricultural practices, providing:

- a viable local economy with sustainable development and growth;
- a clean and ecologically sustainable built environment and natural environment;
- a quality lifestyle for residents, and
- a pride in our cultural diversity.

# Council's Corporate Motto

---

## "Love the Lifestyle"

Griffith City Council's vision for its community is to be thriving, engaged, safe, happy, prosperous and connected. As a community, Griffith is proud of its history and inspired by its potential and the opportunities that are available to existing and future residents. The motto "Love the Lifestyle" is a reflection of this vision as it embodies all that defines Griffith. This city and its community provides an abundance of opportunities for work, leisure, retail, education, business and investment and is the major regional centre for the Western Riverina.

# Council's Corporate Logo

---

Griffith's logo complements the corporate slogan and establishes recognition of the Griffith area, the fundamentals that have helped to create a strong community and the design principles of Griffith's architect, Walter Burley Griffin. The logo includes abstract representations of a waterwheel, the town plan, the sun, irrigation channels and the fruit produced by these elements.

## Section 5

# Delivery Program 2013/14 – 2016/17 incorporating the Operational Plan 2015/16 Actions, Responsibilities and Performance Measures

---

The 2013/14 – 2016/17 Delivery Program is the point where the community's strategic goals, as set out in Growing Griffith 2030, are systematically translated into actions. These are the principal activities to be undertaken by the Council over its four year term to implement the strategies established by the Community Strategic Plan within the resources available under the Resourcing Strategy.

Supporting the Delivery Program is an annual Operational Plan. It incorporates the individual projects and activities that will be undertaken for the 2015/16 year to achieve the commitments made in the Delivery Program.

Growing Griffith 2030 was developed around four core themes – Leadership, Love the Lifestyle, Valuing our Environment and Growing our City. The actions, responsibilities and performance measures relating to these core themes are outlined as follows.

## GUIDELINES

### SETTING COUNCIL'S FEES AND CHARGES

Council's fees and charges for the various goods and services it delivers are set out in detail within the schedule which follows this section.

When determining these fees and charges Council must consider the presence and/or influence of certain economic factors in addition to principles related to the setting of prices for goods or services. The following economic factors should be considered:

<b><i>ECONOMIC FACTOR</i></b>	<b><i>DESCRIPTION</i></b>
<ul style="list-style-type: none"> <li>Public Good and the Exclusion Principle</li> </ul>	Council services may be provided free of charge in those circumstances where it is impossible or impractical to exclude users who do not choose to pay (free-riders).
<ul style="list-style-type: none"> <li>Externalities</li> </ul>	Fees may be discounted to a level below the cost of a service where the production or consumption of the service generates external benefits to the community (hence creating a community service obligation) provided the cost of the discount does not exceed the estimated benefit.
<ul style="list-style-type: none"> <li>Merit Goods</li> </ul>	Fees may be discounted to a level below the cost of a service if full cost recovery would prevent or discourage its consumption and the service is regarded as having particular merit to the welfare and well-being of the community (hence creating a community service obligation) provided the discount does not exceed the estimated benefit.

### GOODS & SERVICES TAX

The following schedule of fees and charges has been prepared using the best available information in relation to the GST impact on the fees and charges at the time of publication. However, there may be fees and charges for which council is not able to confirm the GST status.

Accordingly if a fee that is shown as being subject to GST is subsequently proven not to be subject to GST, then that fee will be amended by reducing the GST to nil. Conversely if council is advised that a fee which is shown as being not subject to GST becomes subject to GST then the fee will be increased but only to the extent of the GST.

## FEE JUSTIFICATIONS

The setting of Council's fees and charges has been justified utilising the following seven (7) pricing principles:

- Annual charges
- Fee for Service
- Cost Recovery
- Statute Limited
- Commercial Basis
- New Fee
- New Charge

Some fees and charges may be based on two (2) or more pricing principles. The principle used for each fee is included in the following schedule adjacent to each fee or charge.

Council has defined these categories as follows:

<b>PRICING PRINCIPLE</b>	<b>DESCRIPTION</b>
1. Annual Charges	This pricing principle relates to fees or charges which are charged on a once per annum basis. Their simple calculation and one-off nature allow the fee or charge to be raised annually.
2. Fee for Service (User Pays)	This principle is used where a specific individual cost can be isolated and charged to the user of the service. Here, the cost of the provision of the service is recovered from individual users.

<b>PRICING PRINCIPLE</b>	<b>DESCRIPTION</b>
3. Cost Recovery	Here, the fee or charge is set in order to recover Council's costs in the provision of the service. The costs or the provision the service must be able to be isolated to allow calculation. Fees or charges may be based on full or partial cost recovery dependent upon the nature of the fee or charge.
4. Statute Limited	These fees or charges are set by government regulation and thus the setting of these fees or charges is outside Council control.
5. Commercial Basis	This principle is applied to fees or charges whose setting may be affected by commercial or market factors. Here, Council considers market forces such as supply and demand and where the same or similar service is provided by private enterprise, the price charged by these private operators.
6. New Fee	These are new fees for the current year. They have not been raised or levied in previous years.
7. New Charge	These are new charges for the current year. They have not been raised or levied in previous years.

The following abbreviations are used throughout the schedule of fees and charges:

- Annual charges AN
- Fee for Service FS
- Cost Recovery CR
- Statute Limited SL
- Commercial Basis CB
- New Fee NF
- New Charge NC

# 2015/16 RATING STRUCTURE

## ORDINARY (GENERAL) SERVICES

**Proposed Rates for Increase of 2.4% plus catch up \$10,932**

**By virtue of section 494 of the Local Government Act, 1993, council is required to make and levy an ordinary rate for each year on all rateable land in its area.**

### **Residential**

Base amount charge - \$348.37 per rateable assessment

(35% of total yield) (2.4% variation)

Ad Valorem Rate - \$0.007680 cents in the dollar based on the 2013 unimproved capital value of the property.

(65% total yield) (2.4% variation)

### **Business**

Base amount charge - \$355.54 per rateable assessment

(15% of total yield) (2.4% variation)

Ad Valorem Rate - \$0.007920 cents in the dollar based on the 2013 unimproved capital value of the property.

(85% total yield) (2.4% variation)

### **Farmland**

Base amount charge - \$378.55 per rateable assessment

(14% of total yield) (2.4% variation)

Ad Valorem Rate - \$0.008380 cents in the dollar based on the 2013 unimproved capital value of the property.

(86% total yield) (2.4% variation)

### **Farmland – Irrigable Intensive**

Base amount charge - \$1,026.23 per rateable assessment

(29% of total yield) (2.4% variation)

Ad Valorem Rate - \$0.009840 cents in the dollar based on the 2013 unimproved capital value of the property.

(71% total yield) (2.4% variation)

### **Example of Residential Ordinary rates for 2015/16**

(UCV (Unimproved Capital Land Value) x Ad Valorem Rate) + Base Rate  
 = (80,000 x \$0.007680) + \$348.37  
 = \$614.40 + \$348.37  
 = \$962.77

**Example Non-Residential Sewerage Charge for 2015/16****1. With No Trade Waste**

Assumptions:

- \*Water Consumption (C) = 500kl/annum
- \*Sewerage Discharge Factor (SDF) = 0.7
- \*20mm Water meter (AC) = \$444
- \*Sewerage Treatment Charge (STC) = \$1.48/kL

$$\begin{aligned} \text{Annual Bill} &= \text{AC} + (\text{C} \times \text{STC}) \times \text{SDF} \\ &= \$444.00 + (500 \times 1.48) \times 0.7 \\ &= \$444.00 + \$518.00 \\ &= \$962.00 \end{aligned}$$

**2. With Trade Waste (Complying Category 1)**

If the above example also had a trade waste discharge (of Category 1) with a:

- \*Trade Waste Discharge Factor (TWDF) = 0.5
- \*Trade Waste Administration Charge (TWAC) = \$81
- \*Trade Waste Usage Charge (TWUC) = \$1.22/kL

then the annual bill would be:-

$$\begin{aligned} \text{Annual Bill} &= \$962.00 + \text{TWAC} + (\text{C} \times \text{TWUC}) \times \text{TWDF} \\ &= \$962.00 + \$81.00 + (500 \times 1.22) \times 0.5 \\ &= \$962.00 + \$81.00 + \$305.00 \\ &= \$1,348.00 \end{aligned}$$

**3. With Trade Waste (Complying Category 2)**

If example number 1 also had a trade waste discharge (of Category 2) with a:

- \*Trade Waste Discharge Factor (TWDF) = 0.5
- \*Trade Waste Administration Charge (TWAC) = \$180
- \*Trade Waste Usage Charge (TWUC) = \$1.22/kL

then the annual bill would be:

$$\begin{aligned} \text{Annual Bill} &= \$962.00 + \text{TWAC} + (\text{C} \times \text{TWUC}) \times \text{TWDF} \\ &= \$962.00 + \$180.00 + (500 \times 1.22) \times 0.5 \\ &= \$962.00 + \$180.00 + \$305.00 \\ &= \$1,447.00 \end{aligned}$$

**4. Non-Compliance Category 2 Trade Waste Discharge**

If example number 1 is a non-complying Category 2 trade waste discharger with a:

\*Trade Waste Discharge Factor (TWDF) = 0.5

\*Trade Waste Administration Charge (TWAC) = \$180

\*Non-Compliance Charge (NCC) = \$7.00/kL

then the annual bill would be:

$$\begin{aligned} \text{Annual Bill} &= \$962.00 + \text{TWAC} + (C \times \text{NCC}) \times \text{TWDF} \\ &= \$962.00 + \$180.00 + (500 \times 7.00) \times 0.5 \\ &= \$962.00 + \$180.00 + \$1,750.00 \\ &= \$2,892.00 \end{aligned}$$

## **INTRODUCTION**

---

The Department of Local Government has implemented a new Integrated Planning and Reporting Framework with the objective of improving delivery of services to the community by councils.

The framework requires councils to integrate all of their plans together with the objective of delivering services for the community through streamlining council operations and ensuring optimal use of resources. Under the guidelines every council is required to prepare the following documents;

- Community Strategic Plan for at least the next ten years
- Delivery Program for four years
- Operational Plan annually
- Workforce management Plan
- Long Term Financial Plan for at least ten years
- Asset Management Plan

According to the Local Government Integrated Reporting and Planning Guidelines for New South Wales, the following is required:

- The Long Term Financial Plan must be updated at least annually as part of the development of the Operational Plan.
- The Long Term Financial Plan must be reviewed in detail as part of the four yearly review of the Community Strategic Plan.

This is the annual review as part of the development of Operational Plan. For the full Long Term Financial Plan please refer to the 2012/2013- 2021/2022 Long Term Financial Plan which was adopted on 12<sup>th</sup> June 2012 and available on the Council website.
