PUBLIC NOTIFICATION

Naming the Roundabout at the Intersection of Kidman Way and Thorne Road

At the Ordinary Meeting of Council held 13 August 2024 it was resolved that Council propose to name the roundabout at the intersection of The Kidman Way and Thorne Road the "Khalsa Chowk" and that the naming proposal be placed on public exhibition for a minimum of 28 days. Council is required to notify the public and provide the opportunity for submissions regarding this item.

The naming proposal document may be viewed at the Council Chambers, 1 Benerembah Street Griffith, the Griffith City Library and on Council's website at griffith.nsw.gov.au/onexhibition

Anyone wishing to make comment on the naming proposal can do so in writing addressed to the General Manager, Griffith City Council, PO Box 485, GRIFFITH NSW 2680 or visit Council's website to provide an online submission.

Submissions received will be included in a report to be presented to an Ordinary Meeting of Council. As such, copies of all submissions (including the writer's name and address) will form part of Council's Business Paper and be available to the public. Should you wish to have your contact details withheld it is recommended that you request this in your submission.

Comments or submissions will be received up to **4.00 pm, 12 September 2024.**

CLAUSE	CL06
TITLE	Naming the Roundabout at the Intersection of Kidman Way and Thorne Road
FROM	Phil King, Director Infrastructure and Operations
TRIM REF	24/85277

SUMMARY

A request has been received from the Griffith Sikh Community in preparation for the celebration of the 10 year anniversary in mid 2025 to name the roundabout at the intersection of Kidman Way and Thorne Road.

RECOMMENDATION

- (a) Council propose to name the roundabout at the intersection of The Kidman Way and Thorne Road the “Khalsa Chowk”.**
- (b) Council place the naming proposal on public exhibition for 28 days.**
- (c) If no public submissions received, the name be formally adopted and appropriate new signage be developed for Council’s review and implementation,**
- (d) If any public submissions are received, then a further report be provided to Council for determination.**

REPORT

The Griffith Sikh Community are preparing to celebrate their tenth anniversary of the Gurdwara at the current site on the Kidman Way. This milestone marks a decade of the Sikh Community’s active participation and contribution to the cultural diversity and social fabric of Griffith.

It has been requested that the Roundabout is named the “Khalsa Chowk”. The term "Khalsa" holds profound significance within the Sikh community, representing purity, equality, and dedication to community service. Naming the roundabout "Khalsa Chowk" would not only honour the Sikh community's heritage but also symbolise the inclusive spirit of Griffith.

Chowk is a term that represents the intersection of roads at a roundabout.

OPTIONS

OPTION 1

Council adopt the recommendation.

OPTION 2

Any other resolution of Council.

POLICY IMPLICATIONS

Council's Roads & Open Spaces – Naming Policy (IM-CP-201), see attachment (a), does not provide direction to naming a roundabout or an intersection of roads.

There are other roundabouts in Griffith with names:

NAME	INTERSECTION	NOTES
Kissells Roundabout (Corner)	Willandra Avenue, Jondaryan Avenue, Watkins Avenue, The Kidman Way	Recognition of a local owner, Kissell.
Bagtown Roundabout	Watikins Ave, Old Willbriggie Road, Kurrajong Avenue, Thorne Road	Recognition of nearby site of Bagtown.

FINANCIAL IMPLICATIONS

There will be a small cost for the installation of a sign to recognise the name of the roundabout. This is estimated to be less than \$5,000 and can be funded from Council's Road budget.

LEGAL/STATUTORY IMPLICATIONS

It is proposed that both Transport for NSW and the NSW Geographical Names board be contacted and advised of the proposed name for the roundabout. Naming a roundabout is not a formal process requiring the approval of the NSW Geographical Names Board, nor is there a formal process under the Road Act 1993 or the NSW Roads Regulation 2018.

It is proposed that the name be placed on public exhibition for 28 days, providing opportunity for submissions from the public to be received for the consideration of Council.

ENVIRONMENTAL IMPLICATIONS

Not Applicable

COMMUNITY IMPLICATIONS

Griffith is home to significant cultural and religious diversity. There is an opportunity to recognise the Sikh community by naming the roundabout, which is a prominent crossroad very close the Gurdwara, a Sikh place for assembly and worship.

The implications are that other community groups may wish to name various items of infrastructure within the Griffith LGA to provide recognition of their own culture or religion. Council will need to consider the flow on effects of this particular request and understand how future requests will be considered.

LINK TO STRATEGIC PLAN

This item links to Council's Strategic Plan item 4.2 Encourage an inclusive community that celebrates social and cultural diversity.

2 Policy Objective

To ensure a consistent and coordinated approach to the naming of new roads and open spaces in the Griffith Local Government Area (LGA).

3 Road or Place Name Proposals

- a) Proposed names for roads and open spaces shall be selected from the Griffith City Council Road and Place Name Register. Existing names in this Register have been reviewed for suitability, but are still subject to evaluation in the [NSW Place and Road Naming Proposal System](#) (Proposal System) and subsequent approval for use by the GNB.

Proposals (including new proposals received by request via Council resolution or unsolicited proposal requests received by Council) to include a name in the Griffith City Council Road and Place Names Register shall be subject to GNB compliance guidelines and proposed via the [NSW Place and Road Naming Proposal System](#) to the GNB for approval. If approved by GNB, the request for entry into the Council Road and Public Place Name Register will be by Council resolution.

Proposals for road names for a new development in the LGA may be received from the Applicant during the Development Application process, noting that road naming needs to be done early in the development process. Name proposals may be the individual preference of the Applicant (up to one or one half of names required) or may be selected from existing entries in the Council's Road and Place Names Register (at least one half of names if more than one name required).

However chosen, all proposed names must meet any GNB compliance guidelines and attain pre-approval by the GNB using the [NSW Place and Road Naming Proposal System](#) prior to presentation to Council for public exhibition and adoption.

- b) Once pre-approval status (for roads only) for a name proposal is granted by the GNB, Information Management staff will submit to Council either i) the request for inclusion in Council's Road and Place Names Register or ii) to name new developments.

- c) Requests to either use a name from the Griffith City Council Road and Place Names Register, or use names proposed by an Applicant for a new development will require a resolution from Council to publically exhibit the request (normally 28 days on the Council website and Newsletters) and seek submissions prior to adopting the name. Submissions received are presented to Council for consideration.

4 Naming of Roads

The naming of roads in NSW is standardised to ensure that the process is transparent and easy to understand for regulatory bodies and members of the community. A consistent approach to road naming benefits emergency services, transport and goods and service delivery and provides opportunities for community consultation when determining road names. Road names not officially and correctly recorded can impede the delivery of emergency and other services to residents and businesses. With the centralisation of emergency service operational dispatch centres in NSW, uniqueness is the most essential quality when proposing a new road name. Duplication of similar and like sounding road names should be avoided as these names can cause confusion for operational dispatch and delay emergency response times.

Under the Roads Act 1993 (Part 10, Division 4, Section 162), Griffith City Council and Transport for NSW are the road naming authorities for the Griffith Local Government Area (LGA) and are responsible for the naming of roads. The Geographical Names Board (GNB), under the authority of the Surveyor-General, is a relevant party and must be notified of any new road names, among other parties. As such Council may exercise its power to name all public roads, subject to the Geographical Names Board NSW Addressing User Manual.

Road naming authorities must adhere to the procedure outlined in the NSW Road Regulation 2018 and policy outlined in the [NSW Address Policy and User Manual](#). With specific regard to Procedure 1; Council will publish notice of the proposal on the Council website and will accept online or written submissions in relation to the proposed name. Submissions received will be considered and presented to Council for final approval.

Proposals for names for roads in the Griffith Local Government Area (LGA) shall be selected only from Griffith City Council Road and Place Names Register following the proposal procedure (Section 3)

5 Naming of Open Spaces

- a) The Geographical Names Board (GNB) is the authority for geographical, suburban and boundary names in NSW and operates under the Geographical Names Act 1966. The GNB has the power to assign, alter or discontinue names of places and approve that a recorded name of a place shall be its geographical name. The GNB applies principles to ensure consistency of naming thereby reducing the potential for confusion.
- b) Uniqueness is the most essential quality to be sought in proposing a new place name. It is also essential that place names reflect community sentiment and are relevant to place. These principles facilitate reliable electronic searching essential for navigation

systems, service delivery and public safety. The purpose of place names is to primarily provide unambiguous direction and reference to geographical entities. Duplication of locality names is to be avoided.

- c) Names for open spaces in the Griffith Local Government Area (LGA) shall be selected only from Griffith City Council Road and Place Names Register following the proposal procedure (Section 3). The GNB Secretariat can provide preliminary feedback on the suitability of a place name.
- d) If a place name is proposed it must follow the following process:
- GNB Secretariat review the proposal and prepare a report for the Board
 - The Board review the proposal at the next scheduled meeting (there are 5 per year)
 - The Board can either:
 - Approve the name to be advertised
 - Reject the name
 - Defer the decision
 - Approve the name to be advertised with modifications (modifications need to be agreed upon by Council)
 - If approved to be advertised, the GNB Secretariat will advertise in a local newspaper and receive submissions from the public for a period of one month
 - Following the public submission period council review and comment on any objections received. If no objections are received the name is assigned.
 - The Board will then reconsider the proposal and all objections and decide to either:
 - Approve the name (with or without modification) to be recommended to the Minister for Customer Service, who has the final say
 - Reject the name
 - Defer the decision.

6 Adoption of Names (Roads or Places)

- a) Regardless of the nature and origin of a road or place naming or renaming request, the naming of public roads and places shall only be approved by way of adoption of a resolution of Council following public consultation.
- b) For place names - It is a legislative requirement of the GNB to then advertise the proposals for public comment (Section 8 of the *Geographical Names Act*).

If no objections are received, the names are published in the NSW Government Gazette making them official geographical names.

If objections are received, council is asked to comment on the objection and if it wishes to proceed, the Board reconsiders council's request. If the Board agrees, a report is submitted to the Minister for final approval. If approved by the Minister, the names are published as above.

- c) Under Section 15 of the Geographical Names Act 1966 (Act), it states it is an offence to publish unofficial place names that have not been assigned under the Act in publications and maps.

- d) Under Section 7 of the Road Regulation 2018, it states that a roads authority may not proceed with a proposal to name or rename a road against an objection made by a relevant party (GNB).

7 Aboriginal Place Names

As stated in the GNB Place Naming Policy, Aboriginal place names are preferred for the name of any place that does not have an assigned geographical name.

Prior to submitting an Aboriginal name for consideration by the GNB, the proponent should consult the Local Aboriginal Land Council and Aboriginal communities on all matters concerning Aboriginal place names occurring in their area of current occupation and traditional association, in line with self-determination policies. This includes any proposals to assign new names, alter spellings of existing names or assign dual names.

Dual Naming

Dual naming may be used for naming of a physical and environmental place of significance to the local Aboriginal Community when a non-Aboriginal geographical name already exists. It applies to geographical features such as a river, mountain, creek, caves etc however it does not apply to localities, roads or towns.

8 Renaming of Roads or Places

Where a request is received to rename a road, consideration will only be given in exceptional circumstances and where doing so will comply with GNB Guidelines. Determination will be made on an individual basis and without precedent.

Universal Naming Principles -

- a) Uniqueness is the most essential quality to be sought in proposing a new road or place name. A name will be regarded as a duplicate if it is the same or similar in spelling or sound to an existing name.
- b) Road and place names shall be written in standard Australian English or a recognised format of an Australian Aboriginal language local to the area of the geographical name.

- c) Road and place names shall be easy to pronounce, spell and write, and preferably not exceed three words (including any designated term) or 25 characters. An exception to this is in the use of Aboriginal names when it is accepted that a traditional name may at first appear to be complex but will, over time, become more familiar and accepted by the community.
- d) Commercial and business names shall not be used, particularly where the name can be construed to be promoting the business. However, business names no longer in use and which promote the heritage of an area are acceptable.
- e) Road or place names shall not be offensive, racist, derogatory, or demeaning (refer to NSW Anti-Discrimination legislation)
- f) Road or place names shall not include initials e.g. A F Wyatt Reserve.
- g) Road or place names shall not include the definite article (the) as the sole name element of a place name e.g. The Reserve is not acceptable.
- h) Naming often commemorates an event, person or place. The names of people who are still alive shall not be used because community attitudes and opinions can change over time. It is a requirement that a person is to have been deceased for at least 12 months before an application to commemoratively name a road or place name after them is deemed acceptable.
- i) Aboriginal names are encouraged and shall be in the local language, chosen in consultation with the Local Aboriginal Land Council (LALC) or Aboriginal Communities.

10 Legislation

Roads

- a) Local Government has the statutory authority responsibility to as a road naming authority (RNA) under the Roads Act 1993 and Roads Regulations 2008 for naming and gazetting regional road and local roads.
- b) RNA must exhibit naming proposals and serve notice on persons and bodies as defined in Roads Regulations 2008 regarding road naming proposals
- c) The NSW Place and Road Naming Proposal System supports the application of road naming processes.
- d) The NSW Address Policy and User Manual 2021 outlines the GNB and NSW Spatial Services policy, principles, processes and procedures for addressing in NSW.

Place Names, Suburbs and localities:

- a) GNB has statutory responsibility under the Geographical Names Act 1966 to assign names to geographical features and places and to determine suburb and locality boundaries in NSW.

Griffith NSW 2680

Dear Sir/Madam, I hope this letter finds you well.

I am writing on behalf of the local Sikh community, which is preparing to celebrate its 10-year anniversary in mid-2025. This milestone marks a decade of our community's active participation and contribution to the cultural diversity and social fabric of Griffith.

In light of this significant occasion, we respectfully submit the following requests to the Griffith City Council:

1. Naming of the New Roundabout at Kidman Way and Thorne Road:

We propose naming the new roundabout as "Khalsa Chowk." The term "Khalsa" holds profound significance within the Sikh community, representing purity, equality, and dedication to community service. Naming the roundabout "Khalsa Chowk" would not only honour our community's heritage but also symbolise the inclusive spirit of Griffith.

We believe this request, if granted, will greatly benefit the community by recognition and inclusion for the Sikh community.

We are more than willing to collaborate with the council to discuss these proposals further and to provide any additional information or support necessary to facilitate these requests.

Thank you for considering our proposals. We look forward to your positive response and to continuing our productive relationship with the Griffith City Council.

Yours sincerely,
Thanks Regards
