CLAUSE **CL03**

TITLE **Review of Payment by Community Organisations Policy**

FROM **Max Turner, Acting Director Business, Cultural and Financial Services**

TRIM REF **24/76695**

SUMMARY

This report has been prepared for Council to review the Payment by Community Organisations Policy FS-CP-202 as resolved at the ordinary meeting of Council on 12 September, 2023 as per the following;

“RESOLVED on the motion of Councillors Glen Andreazza and Laurie Testoni that:

- (a) The information be noted.*
- (b) The Rates – Payment by Community Organisations Policy be reviewed and presented to Council at a later date.”*

RECOMMENDATION

- (a) Council endorse the draft amended Rates – Payment by Community Organisations Policy No FS-CP-202 as attached to this report;**
- (b) The draft Rates – Payment by Community Organisations Policy No FS-CP-202 be placed on public exhibition for a period of 28 days; and**
- (c) If no submissions are received, then Rates – Payment by Community Organisations Policy No FS-CP-202 be adopted as at the completion of the exhibition period, or alternatively, if any submissions are received in the exhibition period, a further report be tabled with Council.**

REPORT

In accordance with the resolution above, staff have reviewed the policy and made some amendments to bring it into line with procedural processes currently happening and also to review whether the usage and maintenance of the various facilities has changed over time.

The various grounds or reserves are either privately owned ie Griffith Ex-servicemen’s Club & Griffith Leagues Club or are located on Crown Reserves ie Griffith Golf Club for example. Each of subsidy recipients is responsible for both capital upgrades and operational expenses including maintenance. A full list of the Sporting Bodies Subsidies and the amount of the subsidy provided is in Attachment (b).

Each of the subsidised facilities play an active role in providing enhanced services to the community in varying degrees and none have been assessed to have changed the role or purpose for which the original subsidy was provided and all are not-for-profit entities that return any surplus into ongoing facility upgrades or maintenance which is of benefit to Council in maintaining these reserves and not costing Council additional funds other than the rates foregone.

OPTIONS

OPTION 1

As per recommendation.

OPTION 2

Council could reduce or cancel the subsidy provided to any or all of the subsidised facilities.

POLICY IMPLICATIONS

The Rates – Payment by Community Organisations Policy No FS-CP-202 is a public policy and amendments have been recommended as per this report.

FINANCIAL IMPLICATIONS

Whilst the effects of implementing the Rates – Payment by Community Organisations Policy No FS-CP-202 policy results in Council foregoing \$62K in the 2024/25 year (increased annually by rate pegging), the facilities play a vital role in providing recreational and sporting facilities for the community and also ensures that Council is not exposed to either pressure to provide these facilities but also any ongoing operational maintenance which in total may be well in excess of the subsidy provided.

LEGAL/STATUTORY IMPLICATIONS

Not Applicable

ENVIRONMENTAL IMPLICATIONS

Not Applicable

COMMUNITY IMPLICATIONS

Any changes to the current subsidy arrangements may be viewed negatively by those community members that utilise the facilities and often volunteer their time to maintaining and providing the facilities for use in the community and members of their organisations.

All of the subsidised facilities are not-for-profit in nature and therefore imposing rates on them would be a significant impost on operations. Each of the subsidised entities pays for any usage charges relating to water, sewer and waste as these cannot be exempted or subsidised.

LINK TO STRATEGIC PLAN

This item links to Council's Strategic Plan item 2.1 Develop and maintain partnerships with community, government and non-government agencies to benefit our community.

2 Policy Objective

To establish a consistent approach in the rating and subsidisation of organisations deemed to be providing a not for profit service for the benefit of the community.

3 Policy Statement

- 3.1 Council shall exempt the War Memorial Museum Building, the Yenda Memorial Hall and the CWA Hall from the payment of General rates, but shall require the payment of charges for any services provided, including water, sewerage and waste collection service.
- 3.2 Barnabas House (Lifesource), Scalabrini Village and Hyandra Village (Uniting Church) shall be exempt from the payment of General rates but required to pay charges levied for the provision of water, sewerage and waste collection service.
- 3.3 All sporting clubs and community organisations are responsible for the payment of all rates levied on lands owned or leased that are used for the purpose of providing a not for profit service for the benefit of the community. Each organisation shall also be required to meet the cost of any water and sewerage charges, raw water charges and waste collection charges.
- 3.4 Council maintains a register of the eligible clubs and organisations that are providing and maintaining facilities and services for the benefit of the community and will provide each of those clubs or organisations with an annual subsidy equivalent to the amount of the General rates levied or such proportion of the General rates levied, as the Council deems appropriate.
- 3.5 An annual subsidy is granted for each eligible club or organisation as identified under Clause 3.4 above. The subsidy is applied as part of the preparation of each operational budget annually and is equal to the total amount of rates due for that year. Staff process a journal to reflect the transaction in Council's ledgers.
